SCOUT CENTENARY

In 2007 Scouts celebrate their 100 anniversary. In recognition of this special event the Scout leaders are starting to think about the possibility of taking the scout troop abroad and would welcome any comments from scouts and parents.

The Chief Scout's Gold

We would like to encourage our scouts to work towards completing their gold scout award and so will be organising an expedition over 2 days for the older boys. They will journey independently along a designated route, stopping overnight in a hostel. The leaders will check their progress along the way.

This may also go some way towards a Queen Scout award.

Have a good break and see you in Sept.
